SUMMARY

Research professional spanning market research, consumer insights, and UX methods. Skilled at scoping ambiguous business questions into actionable research, managing concurrent projects, building automated workflows, and translating data into narrative-driven insights.

WORK EXPERIENCE

Quantitative Market Researcher

Sep 2024 – Present

Conjointly

Irvine, CA

- Partnered with cross-functional teams across technology, entertainment, and consumer products to translate ambiguous business questions into full-service research projects.
- Led 15+ end-to-end survey research projects from RFP response through final reporting; client deliverables included decks, dashboards, and presentations.
- Provided ongoing consultative research support — advising on methodology, technical setup, and analysis — to 30+ Conjointly platform clients, achieving 95% renewal.
- Architected 2+ automated brand tracking dashboards (API + external data sources) for monthly stakeholder deep-dives, cutting manual reporting effort by 75%.
- Delivered research presentations to audiences from junior analysts to C-suite executives, translating quant/qual data into recommendations on pricing, feature prioritization, and product/marketing strategy; directly informed 10+ product launch and campaign decisions.
- Pioneered AI-driven workflows for proposal development, survey programming, and cross-study analysis, resulting in a 50% increase in team research output.
- Served as subject-matter expert in advanced research methodology (conjoint, MaxDiff, implicit testing); led training, authored guides, and delivered webinars to 100+ practitioners.

Research Assistant

Jun 2023 – Aug 2024

UCSB Department of Education

Santa Barbara, CA

- Analyzed survey and interview data (AI-assisted coding) from 40+ science museum leaders nationwide to build a model linking organizational structure to program outcomes.
- Presented original research to 50+ attendees at AERA's 2024 annual meeting.

Research Intern

Sep 2023 – Jun 2024

UCSB Basic Needs

Santa Barbara, CA

- Identified stigma-driven underuse of support services among Asian American student populations through qualitative research, directly informing outreach strategies.

EDUCATION

University of California, Santa Barbara

Jun 2024

BS, Psychological and Brain Sciences | Minor in Applied Psychology

Santa Barbara, CA
